Independent Auditor's Report

Members of the Board of Directors
Saddler Ridge Metropolitan District
Weld County, Colorado

Opinions

We have audited the accompanying financial statements of the governmental, business-type activities and each major fund of Saddler Ridge Metropolitan District (the District) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of Saddler Ridge Metropolitan District, as of December 31, 2020, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Saddler Ridge Metropolitan District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Saddler Ridge Metropolitan District's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Saddler Ridge Metropolitan District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Saddler Ridge Metropolitan District's ability to continue as a going concern for a reasonable period of time.

Other Matters

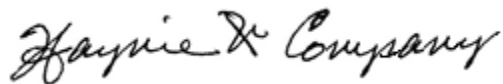

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Saddler Ridge Metropolitan District's basic financial statements. The supplementary information section is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Saddler Ridge Metropolitan District
Reconciliation of the Statement of Revenues, Expenditures
and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Years Ended December 31, 2020

	2020
Amounts reported for governmental activities in the statement of activities are different because:	
Net Change in Fund Balances - Governmental Funds	\$ (20,713)
Governmental funds report capital outlays as expenditures. In the Statement of Activities, capital outlay is not reported as an expenditure; however, the Statement of Activities will report as depreciation expense the allocation of the cost of any depreciable asset over the estimated useful life of the asset. In addition, in the Statement of Activities, conveyance of assets to the Water and Sewer Fund or other governmental entities is reported as an expense.	
Capital Outlay	76,382
Depreciation	(152,267)
Long-term debt (e.g., bonds, Developer advances) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of long-term debt and related items is as follows:	
Developer Advances	(268,513)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	
Accrued Interest on Developer Advances - Change in Liability	(42,011)
Change in Net Position of Governmental Activities	\$ (407,122)

Saddler Ridge Metropolitan District

Notes to Financial Statements

December 31, 2020

1. Definition of Reporting Entity

Saddler Ridge Metropolitan District (District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized on August 6, 2003 in Weld County, Colorado, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under an Amended and Restated Service Plan Approved by the Town Council of the Town of Severance, Colorado on July 28, 2008. The District's service area is located in the Town of Severance, Weld County, Colorado.

The District was established to provide financing for the design, acquisition, installation, construction and completion of public improvements and services, including water and sanitation service, street construction, installation of safety control devices, construction and maintenance of parks and recreation facilities, public transportation, fire protection, television relay and translation system, security services and mosquito control.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

The District has no employees and all operations and administrative functions are contracted.

2. Summary of Significant Accounting Policies

The more significant accounting policies of the District are described as follows:

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements.

2. Summary of Significant Accounting Policies (continued)

Both statements distinguish between governmental activities, which normally are supported by taxes and intergovernmental revenues, and business-type activities, which rely to a significant extent on fees and charges for support.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Redemption of bonds are recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes and specific ownership taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred, or the long-term obligation is due.

2. Summary of Significant Accounting Policies (continued)

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental fund.

The Capital Projects Fund accounts for financial resources to be used for the acquisition and construction of capital equipment and facilities.

The District reports the following major proprietary funds:

The Sewer Enterprise Fund accounts for the sewer operations that are financed and operated in a manner where the intent of the District is that the costs of providing goods and services to the general public on a continuing bases be financed or recovered primarily through user charges.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivery goods in connection with a proprietary fund's principal ongoing operations. Operating revenues consist of charges to customers for service provided. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses or capital contributions.

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund presented on the modified accrual basis of accounting unless otherwise indicated.

The District amended its 2020 budgets to allow for additional expenditures.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and, generally, sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred revenue in the year they are levied and measurable. The deferred property tax revenue is recorded as revenue in the year it is available or collected.

Operations and Maintenance Fee

The operations fee was implemented by the Board of Directors by a resolution dated August 15, 2018 and effective October 1, 2018. The fee was set at \$75 per month per residential unit owned by an end-user. Per amendment dated November 18, 2020 and effective January 1, 2021, this fee was increased to \$80 per month.

Transfer Fee

The transfer fee was implemented by the Board of Directors by a resolution dated August 15, 2018, effective October 1, 2018, and amended November 18, 2020. The fee is \$150 per transfer for each residential unit, lot or vacant lot.

System Development Fee

The system development fee was implemented by the Board of Directors by a resolution dated and effective May 15, 2019. The fee is \$5,000 per single family, townhouse, or condominium unit, and \$.60 per square foot of commercial real property and is due prior to the issuance of a building permit.

Plant Investment Fee

The plant investment fee was implemented by the Board of Directors by a resolution dated August 15, 2018, effective October 1, 2018, and amended November 18, 2020. The fee is a one-time charge of \$1,000 per vacant lot prior to the issuance of a building permit.

Sewer Tap Fee

The sewer tap fee was implemented by the Board of Directors by a resolution dated August 15, 2018, effective October 1, 2018, and amended November 18, 2020. The fee is a one-time charge of \$5,000 per vacant lot prior to the issuance of a building permit.

Sewer Service Fee

The sewer service fee was implemented by the Board of Directors by a resolution dated August 15, 2018, effective October 1, 2018, and amended November 18, 2020. The fee was set at \$55/month per residential unit and \$220/quarter for each commercial unit owned by an end-user. Per an amendment dated November 18, 2020, effective January 1, 2021, this fee was increased to \$60/month per residential unit and \$240/quarter for each commercial unit.

Architecture Review Fee

The architecture review fee was set by the Board of Directors by a resolution August 15, 2018, effective October 1, 2018, and amended November 18, 2020. The fee is \$125 per residential unit, lot or vacant lot for residential improvements, and \$275 per lot or vacant lot for new home design.

Sewer Availability Fee

The sewer availability was set by the Board of Directors by a resolution dated August 15, 2018, effective October 1, 2018, and amended November 18, 2020. The fee is \$379 annually for each lot or vacant lot. Per an amendment dated November 18, 2020, effective January 1, 2021, this fee was increased to \$400 annually.

Capital Assets

Capital assets, which include infrastructure assets, are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

2. Summary of Significant Accounting Policies (continued)

Depreciation expense has been computed using the straight-line method over the following estimated economic useful lives:

Parks and Recreation	30 years
Sewer and Storm	30 years
Streets/Roadways	30 years

Amortization

In the fund financial statements, governmental fund types recognize bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualify for reporting in this category. Accordingly, the item, deferred property tax revenue, is deferred, and recognized as an inflow of resources in the period that the amount becomes available.

Equity

Net Position

For government-wide presentation purposes, when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

- *Nonspendable fund balance* - The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Saddler Ridge Metropolitan District

2. Summary of Significant Accounting Policies (continued)

- *Restricted fund balance* - The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.
- *Committed fund balance* - The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.
- *Assigned fund balance* - The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.
- *Unassigned fund balance* - The residual portion of fund balance that does not meet any of the criteria described above. If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's policy to use the most restrictive classification first.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

3. Cash and Investments

Cash and investments as of December 31, 2020 are classified in the accompanying financial statements as follows:

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2020, the District's cash deposits had a bank balance of \$53,349 and a carrying balance of \$53,019.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

CSAFE

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust is similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds and highest rated commercial paper. A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE. CSAFE is rated AAAM by Standard & Poor's. CSAFE records its investments at amortized cost and the District records its investments in CSAFE using the amortized cost method. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

Federated Treasury Money Market Fund

The debt service money that is included in the trust accounts at Zions Bank is invested in the Federated Treasury Obligations Fund. This portfolio is a money market mutual fund which invests in U.S. Treasury obligations, which are fully guaranteed as to principal and interest by the United States, with maturities of 13 months or less and repurchase agreements collateralized by U.S. Treasury obligations. The Federated Treasury Obligation Fund is rated AAAM by Standard & Poor's.

\$6,350,000 Series 2017A General Obligation Bonds

On January 26, 2017, the District issued Series 2017 A General Obligation Limited Tax Bonds (Series 2017A Bonds) in the amount of \$6,350,000. The Series 2017A Bonds bear no interest from the Issue Date until November 30, 2019, they then begin accruing interest at a rate of 1.00% per annum from December 1, 2019 until November 30, 2022, and from December 1, 2022 onward they bear interest at a rate of 5.00% per annum. Interest payments begin June 1, 2020.

The Series 2017A Bonds are subject to redemption priority, at the option of the District, as a whole or in integral multiples of \$1,000, in any order of maturity, on any date, upon payment of the principal amount so redeemed plus accrued interest on the date of redemption, without redemption premium.

Saddler Ridge Metropolitan District
Notes to Financial Statements (continued)

5. Long-Term Obligations (continued)

The Series 2017A Bonds are secured by and payable from the Pledged Revenue, consisting of monies derived by the District from the following sources, after payment of any costs of collection: 1) the Required Mill Levy; 2) the Pledged Specific Ownership Taxes; 3) The Pledged Development Fees; and 4) any other legally available moneys that the Board determines in its sole discretion to credit to the Bond Fund. Required Mill Levy means an ad valorem mill levy imposed upon all taxable property of the District each year in the amount of the following mill levies, adjusted, provided the required mill levy does not result in tax revenue in excess of the maximum tax increases permitted by the 2007 Election debt authorization allocated to the bonds.

The maximum Required Mill Levy is subject to adjustment for changes in the ratio of actual value to assessed value of property within the District. As of December 31, 2020, the adjusted maximum mill levy is 26.480 for collection in 2020.

Levy Year	Tax Collection Year	Required Mill Levy (subject to Adjustment)
2018 through 2020	2019 through 2021	25.000 mills

\$4,650,000 Series 2017B General Obligation Bonds

On January 26, 2017, the District issued Series 2017B General Obligation Limited Tax Bonds (Series 2017B Bonds) with a final amount of \$4,650,000. As of December 31, 2020, the amount drawn on the Series 2017B Bonds was \$2,694,000.

The Series 2017B Bonds bear no interest from the Advance Date until November 30, 2019, they then begin accruing interest at a rate of 1.00% per annum from December 1, 2019 until November 30, 2022, and from December 1, 2022 onward they bear interest at a rate of 5.00% per annum. Interest payments begin June 1, 2020.

The Series 2017B Bonds were issued initially as a single Series 2017B Bond and registered in the name of the Liberty Savings Bank, F.S.B., a Federal Savings Bank (the Bank). The purchase price for the Series 2017B Bonds shall be paid by the Bank in the form of Advances made by the Bank up to the final par amount of \$4,650,000. The District's available voter-approved debt authorization shall be allocated to the Series 2017B Bonds upon receipt of each advance based upon the actual expenditure of the proceeds thereof.

5. Long-Term Obligations (continued)

The Series 2017B are subject to mandatory redemption prior to maturity, from and to the extent of excess amounts credited from the Project Fund to the Bond fund. The Series 2017B Bonds are also subject to redemption prior to the maturity, at the option of the District, as a whole or in integral multiples of \$1,000, in any order of maturity, on any date, upon payment of the principal amount so redeemed plus accrued interest on the date of redemption, without redemption premium.

Funding and Reimbursement Agreement

On December 12, 2013 the District and the Bank (collectively, the Parties) entered into a Funding and Reimbursement Agreement (the Agreement). The Agreement provided for \$56,800 funding by the bank of certain District 2013-2014 Operating and Maintenance (O&M) expenses, plus \$540,000 specific capital improvements (CIP Advance) in exchange for the District issuing final acceptance of public infrastructure, as set forth in the Agreement.

On August 11, 2014 the Parties entered into the First Amendment to the Agreement, allowing the District to use up to \$100,000 of the CIP Advance of \$540,000 for administrative, operations and maintenance costs of the District.

On January 6, 2015, the Parties entered into the Second Amendment to the Agreement, allowing the District to use an additional \$100,000 of the CIP Advance of \$540,000 for administrative, operations and maintenance costs of the District and extend the term of the Agreement until December 31, 2015.

On December 15, 2015, the Parties entered into the Third Amendment to the agreement, increasing the CIP O&M Advance for 2015, and allocating additional funds up to \$162,841 for O&M expenses in 2016, leaving a remaining balance of \$81,064 from the original CIP Advance of \$540,000.

On September 21, 2016, the Parties entered into the Fourth Amendment to the Agreement, allocating the remaining balance of \$81,064 from the original CIP Advance and an additional \$442,103 through the end of 2016 as a CIP advance for authorized Infrastructure and Improvements necessary for the District's provision of: (i) up to \$241,000 for sanitary sewer plant/service; (ii) up to \$120,000 for O&M Expense; and (iii) up to \$120,000 for pond repair.

On January 1, 2017 the Parties entered into the Fifth Amendment to the Agreement, under the terms of which the Bank agreed to fund an additional maximum amount of \$210,000 for anticipated General Fund expenses and a maximum amount of \$110,000 for Cost of Issuance expenses incurred by the District. In 2018, the Bank agrees to fund an additional Maximum amount of \$200,000 for anticipate General Fund expenses.

5. Long-Term Obligations (continued)

On November 15, 2017, the Parties entered into the Sixth Amendment to the Agreement, stating that in no event shall the Bank assign, transfer or convey all or any portion of its rights to receive repayment from the District. Any purported assignment, transfer or conveyance shall be void.

On May 31 2019, the District entered into the Funding and Reimbursement Agreement (Operations and Maintenance), Funding and Reimbursement Agreement (Wastewater Enterprise) and Funding and Reimbursement Agreement (Capital Costs) with Liberty Savings Bank, F.S.B. (collectively, the “Funding and Reimbursement Agreements”). The Funding and Reimbursement Agreements established the terms and conditions pursuant to which Liberty Savings Bank would advance funds to the District for the various purposes covered by the respective Funding and Reimbursement Agreement and how such advances would be repaid by the District. The Funding and Reimbursement Agreements superseded and replaced in their entirety the prior funding agreements and their amendments. In addition to the Funding and Reimbursement Agreements, the District and Liberty Savings Bank entered into two fill-up promissory notes that would accompany the Funding and Reimbursement Agreement (Operations and Maintenance) and the Funding and Reimbursement Agreement (Wastewater Enterprise) (collectively, the “Promissory Notes”). The Promissory Notes established advances in the amount of up to \$2,000,000 for operations and maintenance advances and up to \$1,000,000 for the wastewater enterprise advances as “debt” of the District that would be owed to Liberty Savings Bank. An accompanying promissory note was not put in place for the Funding and Reimbursement Agreement (Capital Costs) due to impacts it could have had on the outstanding 2017A and 2017B Bonds. The Promissory Notes are subordinate to the 2017A and 2017B Bonds.

On January 1, 2020, the Parties entered into the First Amendment to the Funding and Reimbursement Agreement (Operations and Maintenance) Agreement, stating that the funds advanced by the Bank to be extended to and available to the District through December 31, 2020.

On May 20, 2020, the Parties entered into the Second Amendment to the Funding and Reimbursement Agreement (Operations and Maintenance) Agreement, under the terms of which the Bank agreed to increase the maximum funding cap of \$100,000 to \$200,000 for anticipated General Fund expenses.

On January 1, 2020, the Parties entered into the First Amendment to the Funding and Reimbursement Agreement (Wastewater Enterprise) Agreement, stating that the funds advanced by the Bank to be extended to and available to the District through December 31, 2020.

5. Long-Term Liabilities (continued)

Debt Authorization

At December 31, 2020, the District had authorized but unissued general obligation indebtedness in the following amounts for the following purposes:

	Authorized November 6, 2007 Election	Series 2017A Authorization Used	Series 2017B Authorization Used	Remaining at December 31, 2020
Streets	\$ 9,900,000	\$ 1,710,706	\$ -	\$ 8,189,294
Traffic and Safety	750,000	-	-	\$ 750,000
Water	4,100,000	1,780,768	-	\$ 2,319,232
Sanitation	10,500,000	2,102,125	2,694,000	\$ 5,703,875
Parks and Recreation	6,100,000	756,401	-	\$ 5,343,599
Total	<u>\$ 31,350,000</u>	<u>\$ 6,350,000</u>	<u>\$ 2,694,000</u>	<u>\$ 22,306,000</u>

Pursuant to the service plan, the total debt that the District shall be permitted to issue shall not exceed \$31,350,000, exclusive of refunding. Additionally, the maximum debt mill levy is 50.000 mills (as adjusted).

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

6. Net Position

The District has net position consisting of three components – net investment in capital assets, restricted and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balance of liabilities that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2020, the District had invested in capital assets, net of related debt calculated as follows:

Net investment in capital assets:	
Capital Assets, Net	\$ 5,857,856
Outstanding Long-Term Debt Applicable to Capital Assets	<u>(9,988,582)</u>
Net investment in capital assets	<u>\$ (4,130,726)</u>

6. Net Position (continued)

Restricted assets include the net position that is restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2020 as follows:

Restricted net position:	
Debt Service	\$ 30,492
Emergency Reserves	<u>6,695</u>
Total restricted net position	<u>\$ 37,187</u>

The District has a deficit in unrestricted net position. This deficit amount is a result of the District being responsible for the repayment of bonds issued for public improvements, some of which will be conveyed to other governmental entities, and the repayment of Developer advances and related accrued interest.

7. Related Party

The Developer of the property which constitutes the District is the Bank. Certain members of the Board of Directors are employees of, owners of, or otherwise associated with the Developers, and may have conflicts of interest in dealing with the District.

8. Risk Management

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2020. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

9. Tax, Spending and Debt Limitations

Article X, Section 20 of the Colorado Constitution, referred to as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

On January 10, 2007, the District's voters approved for an annual increase in taxes of \$6,336,000 for general operations and maintenance without limitation of rate. This election question allowed the District to collect and spend the additional revenue without regard to any spending, revenue raising, or other limitations contained within TABOR.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.
